

AZO Anwendungszentrum GmbH Oberpfaffenhofen is an international networking and branding company for the European space programs. We support the development of new products and company foundations by providing the necessary marketing and promotion platform, incubation and expert network, regional funding programs as well as a leading space cluster innovation network. Our customers are, amongst others, the European Space Agency (ESA), AIRBUS, the German Aerospace Center (DLR) and the European Commission (EC). Headquartered at the Space Hub in Oberpfaffenhofen, we manage the ESA BIC (Business Incubation Center) Bavaria, one of the leading incubators in Europe, as well as the ESA BIC Northern Germany.

To strengthen our team in Oberpfaffenhofen, we are looking for one -

Project Manager ESA BIC Bavaria International (m/f/d)

Duties & Responsibilities

- Structuring of process flows
- Strategic positioning
- Support of the start-up teams in technical, administrative, marketing and business model issues
- Support of our new Booster program (admin & technical implementation)
- Schedule and deliver webinars
- Cooperation in other ESA projects
- Link to all project partners
- Technology marketing
- Overall responsibility for project coordination on an international level
- Project responsibility at the European level

Successful candidates will have

- Relevant academic studies, ideally in engineering, aerospace technology, business administration and / or geoscience
- Very good command of the English language, German would be an asset
- Excellent communication skills and willingness to present to international audiences
- Willingness to travel
- Proficiency with MS Office applications
- Interested in startups/innovation/entrepreneurship/incubation/acceleration/etc.
- Ability to work autonomously, be reliable and show commitment

What we offer

- Direct link to ESA
- Extensive creative and entrepreneurial freedom
- Interesting travelling
- Individual responsibility
- Highly committed, motivated & young team
- Flexible & diverse tasks in an international environment
- And much more!
