

AZO Anwendungszentrum GmbH Oberpfaffenhofen is an international networking and branding company for the European space programmes. AZO supports the development of new products and company foundations via a worldwide partner network. Our customers include the European Space Agency, AIRBUS, DLR and the European Commission. From our headquarters in Oberpfaffenhofen, we manage the leading space innovation competitions in Europe, such as the Galileo Masters, Copernicus Masters and INNOspace Masters.

To strengthen our team in Oberpfaffenhofen, we are looking for one - initially limited to 2 years

Junior Project Manager Innovation Competitions (m/f/d)

Duties & Responsibilities

- Project Management support in all areas
- Network Management (more than 25 international partners)
- Stakeholder Management and support for participants, finalists, winners and experts
- Content support of marketing activities (brochures, flyers, newsletters, social media activities, articles, research of success stories)
- Maintenance of the competition websites
- Presentation of the competitions at national and international events (digital, hybrid and live)
- Collaboration on reporting (e.g. statistics, clipping) and preparation of presentations
- Organisation and implementation of evaluation meetings
- Co-organisation of launch events, award ceremonies and conferences
- Conceptual collaboration and strategic positioning

Successful candidates will have

- Relevant academic studies, ideally in engineering, aerospace technology, business administration and / or geoscience
- First professional experience in project management of EU or international projects would be an advantage
- Very good command of the English language, German would be an asset
- Excellent communication skills and willingness to present at international events
- Willingness to travel
- Proficiency with all MS Office applications
- Interested in the space market, startups/innovation/entrepreneurship/incubation/acceleration/etc.

What we offer

- Direct cooperation with various project managers
- Flexible home office
- Work in an interdisciplinary highly committed, motivated, young team
- Flexible & varied work in an international environment
- Interesting travel activities
- Initially limited to 2 years
- And much more!
